## GENERAL RULES AND REGULATIONS

- \* **Special weigh-in rule:** Proper footwear must be worn for weigh-in; No flip-flops nor sandals.
- \* **Special Attire rule:** Proper attire and footwear shall be worn throughout the duration of the fair.

1. All exhibitors agree to be bound by the rules and regulations of The Kutztown Fair, Inc.
2. The fair management reserves the right to amend or add to these rules and regulations as its judgment may determine.
3. Reasonable care will be taken to protect all exhibits on display from all injury and damage, but the fair is not, in any way, to be held responsible for accidents, loss or damage by water, fire, theft or otherwise, whatever may be the cause or extent of the damage or loss.
4. Entries will be made according to the classifications listed in this Premium Book. Entry tags must be properly marked to show the name of the exhibit. In the case of livestock, Breed name must be shown on cards so that it can be readily identified by the viewer.
5. Premiums, as listed, may be given meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit is worthy to receive. The same rule applies where there are fewer entries in any class than the number of premiums offered. The judges may, at their discretion, award a ribbon or rosette. The fair reserves the right to determine how many entries they will accept from an exhibitor in the same class or, in the case of livestock, the same breed. Each exhibitor, however, is limited to a maximum of 2 premiums per class for livestock and dairy exhibitors.
6. It shall be the responsibility of the exhibitor to properly name the article or breed of livestock they are entering. Any exhibit improperly entered will be disqualified from receiving a prize, but the judges will mark the correct name on the entry tag for the benefit of the owner so the same mistake in entering need not be made the second time.
7. All entries must be grown, produced, or made since the last fair by the person whose name appears on the tag as exhibitor.
8. Superintendents reserve the right to bar from competition animals, vegetables, flowers, poultry, products and manufactured articles of decidedly inferior quality and those not possessing sufficient merit to warrant recognition. The fair reserves the right to remove any

exhibit not worthy of viewing by the public.

9. Food products cannot be polluted with any substance or chemical that causes them to become poisonous and unfit to be used as food. Any such incidents must be reported to the Pennsylvania Agricultural Fair Program for further review.
10. No exhibit may be removed at any time before the close of the fair except by consent of the management.
11. The ribbons or rosettes must be placed on the exhibit, stall or pen of the individual winners for the duration of the fair. Where award ribbons are stolen or destroyed, the exhibitor may receive a duplicate at the close of the fair or show which shall be supplied by the fair free of charge.
12. Judging of livestock and dairy cattle is viewed as an educational process and the public is encouraged to view the judging event. Any exhibitor interfering with the judges while making awards shall forfeit any premium to which he would otherwise have been entitled.
13. All applications for entries must be made on printed forms and in accordance with the instructions on the same.
14. No gambling, immoral exhibition, or intoxicated persons will be allowed on the fair grounds.
15. **SMOKING, DRINKING, AND/OR POSSESSION OF ALCOHOLIC BEVERAGES IN OR NEAR THE LIVESTOCK AND DAIRY AREAS IS FORBIDDEN BY THE RULES AND REGULATIONS OF THE KUTZTOWN FAIR ASSOCIATION, INC. AND WILL BE RIGIDLY ENFORCED.** Exhibitors violating this rule will be expelled along with their exhibits from the fair and will forfeit their premiums. They may also be barred from exhibiting at future Kutztown Fairs.
16. Barn fans will be limited to 4/row of the hanging type. No other fans will be permitted.
17. Any improper conduct on the part of an exhibitor shall be punishable by expulsion from the Fairgrounds and the immediate removal of exhibits including the forfeiture of premiums.
18. All articles for exhibition must be entered in the name of the real owner and be in their places with all rubbish and trash cleared away by designated arrival time on the opening day of the fair, unless otherwise specified, and remain on the grounds until released by the respective departments. Exhibit removal times are listed in the Fair Judging Schedule and/or the individual departments.
19. Entries are limited to Berks and Lehigh counties, as space permits.

### JUDGES AND JUDGING

2. The judges must not award a prize to any unworthy exhibit. It is the intention of The Kutztown Fair Association, Inc. that a premium or distinction of any kind be given only to an animal or article worthy thereof. In the event of a premium being withheld from any exhibit for that reason, the judge will write "not worthy" in the award column opposite such entry. In case there is no competition in a class, they will award a premium according to the merit of the animal or article as in their judgment the article or animal deserves.

3. If any exhibitor in any way, whether in person or by agent, interferes with the judge during adjudication, or shows any disrespect to a judge, he may exclude him from competition and from the ring and may withhold from such exhibitor any premiums that may have been awarded.

4. The decision of the judges shall be final in all cases except where mistakes, fraud, misrepresentation, or collusion, not discovered at the time of the award, is proved. In such cases, the Superintendent, Manager, or Secretary of the fair or show, or such referee as he may appoint, may make the decision with his approval. The case may be appealed to the Fair Board from whose decision there can be no appeal.

Decorations are to remain in place until livestock are released. Paper, cans, wire, twine, glass, etc. are not to be discarded with the manure.

11. Decorations with ribbons or ornaments previously won by animals at shows shall be prohibited until after the awards have been made in their respective classes by the judges.

12. All market or meat animals will be weighed on the same set of scales for placing in correct class.

13. Over-fitting of cattle will be discriminated against. Any artificial means used to change the form or shape of an animal will disqualify it from competition.

18. No person shall be allowed in the ring while stock is being judged except judges, superintendents, and necessary attendants.

### **INTERNATIONAL ASSOCIATION OF FAIRS & EXPOSITIONS NATIONAL CODE OF SHOW RING ETHICS**

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show.

At any time after an animal arrives on the fair or livestock show

premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedure performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
